SYED ABDUL ALEEM, *Rev. Sec*

Reviews the Report on the Administration of the Reven Department for the year 1946-47.

READ—

Report on the working of the Revenue Department during the ending with 30th June 1947, received with Revenue Commissioner's No. A4.. Y. 1—46-47, dated 15th December 1947.

ORDER NO. R. 99-172—L.R. 270-47-3, DATED BANGALORE, THE 3RD JULY 1948.

Rajakaryaprasakta Sri. S. Narayana Rao who ass charge of the Department as Revenue Commissioner on July 1946 continued throughout the year.

2. *District and Sub-Division Charges.*—There changes in the personnel of the Deputy Commissioner charge of all Districts, except Bangalore and Tumkur d the year.

During the year under report, the temporary Sub-Division ckmagalur was made permanent and the Tumkur Sub- on, the Special Land Acquisition Office, Bangalore, and pecial Land Acquisition Office for the Krishnarajasagara rwin Canal Works, Mysore, were continued on a orary basis.

he posts of Personal Assistants to the Deputy Commis- s of Tumkur and Hassan were continued till the end of nber 1946 and that of the Personal Assistant to Deputy nissioner, Shimoga, throughout the year. Of the two tionary Assistant Commissioners under training, one eted his training and he was posted to a regular charge. e more Probationary Assistant Commissioners were nted in the course of the year and they were all under ng.

ix Revenue Probationers were appointed for the nue Department along with Probationers for other rtments and these were undergoing training during the

he Post of the Assistant to the Civil Officer, Bangalore, ontinued and a Special Amildar was appointed in ction with the survey of unauthorised conversion of . 67 of Kethamaranahalli village, Bangalore North Taluk, onstruction of buildings thereon.

. *Rainfall and seasonal conditions.*—The rainfall during ar was more than that of the preceding year and the e of 35 years in all the districts and though the rain- as adequate, the unusually heavy and continuous rains the months of November and December 1946 affected anding crops and consequently the yield of some of the pal crops, such as ragi, paddy and pulses, was very less than what was hopefully expected.

With the timely rainfall during the agricultural season year, most of the tanks received a good supply of water ne area under principal crops generally showed an ase over the figures of the preceding year in almost all stricts and the out-turn of the crop was generally satis- y. Essential food-grains were sold at controlled rates by Government.

The agricultural stock was generally healthy, and water odder were available. Rinderpest and Blackquarter prevalent in some parts of the State and timely preven- measures taken in co-operation with the Veterinary rtment checked the spread of the epidemics. The seasonal tions were on the whole satisfactory.

. *Distress.*—There was no distress in any part of the during the year under report, unlike the acute distress prevailed in some parts of the State during 1945-46; but esult of a slight failure of Mungar rains in some Taluks rsore, Mandya, Tumkur and Kadur Districts and the sive rain all over the State during the months of Novem- nd December 1946, the out-turn of the select crops such gi, jola and paddy was adversely affected.

n some parts of Chickmagalur, Kadur and Tarikere s, scarcity of water and fodder was felt in the beginning e year only, when the State Forests in Chickmagalur were thrown open for the cattle of the neighbouring s.

Free kitchens and fodder depots in Tumkur District d in the previous year were continued till the end of nber 1946 and some destitutes were also given money s.

The special measures taken to grow more food and fodder under channels and in tank beds during summer were nued. As a result of this, about 167 acres were grown ragi under the Bhadra Right Bank Channel and 17,546 s of jawar and jola grains were grown on an extent of 8 acres in the Hassan District.

To contend further against the after-effects of distress tions, the relief works started in 1945-46 in the Districts imoga, Kolar and Tumkur were continued till conditions ne normal in the areas and an outlay of Rs. 17,283 was red on 16 relief works in Channagiri Taluk of Shimoga ict during the year under report.

All kinds of labour including agricultural classes found yment, as a number of village panchayat works and village communication road works were started all over tate. There was no need to start any fresh relief works here in the State.

As the prices of agricultural produce were high throughout the year, the ryots got good prices for their grains and therefore there was not much demand for Land Improvement and Takavi Loans. The scheme of subsidisation of irrigation wells became very popular and the ryots in the Districts of Chitaldrug, Tumkur and Kolar took advantage of the scheme particularly. Out of a total allotment of Rs. 22 lakhs, a sum of Rs. 12,19,705-8-0 was paid as subisidy in 4,178 cases and 2,463 wells were completed while 728 were under progress and an extent of about 5,811 acres was grown with food crops during the year. It has been found that the scheme promises a bright future with the extended use of electricity for lifting water for agriculture. Government hope that the scheme will become popular in the remaining districts also in view of the enhancement of the subsidy payable in such districts to Rs. 500 per well as per Government Order No. R. 4733-48—R. M. 20-47-2, dated 9th October 1947 and that substantial progress towards self-sufficiency in food-grains will be achieved during the period of 3 years for which the scheme has been further extended.

The special measures sanctioned to ameliorate the conditions of agriculturists and concessions shown to them were continued during the year and no other concessions were sanctioned afresh, as there was no economic depression and the seasonal conditions were favourable.

5. (i) *Cultivation of fresh lands.*—Out of 734,307 acres of waste land available for cultivation, an extent of 27,135 acres bearing an assessment of Rs. 41,090-15-9 was taken up for cultivation during the year, against 50,060 acres with an assessment of Rs. 51,075-5-6 in the previous year. The total area relinquished during the year was 2,854 acres with an assessment of Rs. 4,561-14-0. There was a net increase of 24,283 acres with an assessment of Rs. 36,529-1-9.

(ii) *Amritmahal Kaval Lands.*—A further extent of 600 acres of Amritmahal Kaval lands was surrendered to the department during the year, bringing the total area for cultivation to 88,472 acres. Out of this, an extent of 1,239 acres was disposed of for cultivation. A total amount of Rs. 4,048-3-0 was realised by the disposal of the land and a total assessment of Rs. 481-7-0 was fixed thereon during the year.

(iii) *Date Reserve Lands.*—Out of a total extent of about 2,58,218 acres of Date Reserve lands available for cultivation, an extent of 1,611 acres was disposed of for a sum of Rs. 39,090-1-9 and the assessment fixed thereon was Rs. 1,416-9-6.

6. *Area under occupation and cropped.*—The area under occupation during the year was 8,198,175 acres (8,190,524) showing a net increase of 7,651 acreas. The increase was in all the districts except in Bangalore and Shimoga where there was a slight decrease. The increase was chiefly due to grant of lands under the Grow More Food Scheme and also under the ordinary darkhast rules. The area cropped during the year was 6,397,356 acres (6,134,486) showing an increase of 262,820 acres. A decrease was however noticeable in the districts of Bangalore and Mysore. The percentage of fallows to area under occupation during the year was 20·7 (25·1) for the State.

7. *Darkhasts.*—The total number of Darkhasts that came up for disposal during the year was 19,635, of which 15,236 cases were disposed of leaving a balance of 4,399 at the end of the year. The percentage of disposals was 76.

An extent of 38,432 acres and 7 guntas of land was disposed of for cultivation and a sum of Rs. 3,60,751-8-3 was realised. The total assessment fixed during the year was Rs. 44,324-7-2.

Out of a total extent of 2,68,229 acres of land granted from the commencement of the Grow More Food Scheme, an extent of 181,373 acres was actually brought under cultivation till the end of the year under report.

8. *Irrigation under special projects.* (i) *Irwin Canal.*—With the advent of Thuruganur Branch, dry lands in 8 villages of Bannur Hobli and one village of Sosale Hobli in T. Narasipur Taluk became irrigable and a sum of Rs. 26,398 was taken as demand under water-rate during the year. Improvements to Koppa tank channels and the opening of a pick-up channel from Markal tank in Malavalli Taluk at estimated costs of Rs. 33,500 and Rs. 1,38,000, respectively, were sanctioned during the year.

An extent of 7,087 acres (6,904) was irrigated in T.-Narasipur Taluk during the year. The area under paddy in Mandya District increased to 87,338 (87,224) as a result of Grow More Food Scheme propaganda and that of sugarcane and cotton showed a fall being respectively 11,104 (11,119) and 60 (514) acres during the year.

Against a recoverable water-rate and contribution demand of Rs. 82,87,980, a sum of Rs. 14,56,971 (Rs. 15,53,704) was collected during the year, leaving heavy arrears of Rs. 68.31,008. The percentage of collection to demand was only 17·3 (18·9) in Mandya District. The collection is very unsatisfactory and very strenuous efforts should be adopted to reduce appreciably the arrears during the current year.

(ii) *Vani Vilas Sagar.*—Out of an irrigable extent of 10,180 acres, 9,329 acres and 7 guntas of land were under occupation and most of it was cultivated. The total extent cropped during the year under "Karthika" and "Vaishaki" was respectively 8,128 acres and 25 guntas (8,063 acres) and 1,767 acres and 21 guntas (5,262 acres and 21 guntas). Out of a total demand of Rs. 72,176-11-2 (Rs. 73,003-10-4) a sum of Rs. 47,976-6-8 (Rs. 57,551-2-6) was collected during the year, leaving a balance of Rs. 24,200-4-6 (Rs. 15,452-7-10), The collections are not satisfactory and substantial improvement should be shown in the current year.

(iii) *Marconahalli Reservoir, Kunigal.*—An extent of 8,500 acres was under occupation, out of a total irrigable extent of 10,432 acres and an extent of 1,764 acres was removed from the irrigable list as an anti-malarial measure. Out of a total demand of Rs. 7,26,421-12-3, Rs. 1,96,252-9-10, Rs. 37,595-1-8 under contribution, water-rate and cesses respectively, the collections during the year were Rs. 2,988-7-0, Rs. 2,435-14-6 and Rs. 502-4-1, respectively, leaving a balance of Rs. 7,23,433-5-3, Rs. 1,93,816-11-4 and Rs. 37,093-13-7. The collections are very poor and unsatisfactory. The Deputy Commissioner should devise suitable and stringent measures to improve the collections appreciably during the current year and hold the officers personally responsible for any slackness in the collections.

(iv) *Bhadra Right Bank Channels.*—The total extent under occupation during the year was 8,696 acres. Out of a total demand of Rs. 32,747-10-10 under water-rate, a sum of Rs. 23,797-10-11 (Rs. 28,235-4-11) was realised during this year leaving a balance of Rs. 8,950-0-11 (Rs. 4,155-4-10).

(v) *Anjanapur Reservoir, Shikaripur Taluk.*—The total extent irrigated during the year was 11,657 acres (11,642). The total demand under water-rate and contribution during the year was respectively Rs. 49,387-8-2 and Rs. 51,234-13-11 and the collection amounted to Rs. 42,164-15-11 and Rs. 43,198-5-2, leaving a balance of Rs. 7,222-8-3 (Rs. 5,965-0-0) and Rs. 8,036-8-9, respectively, at the end of the year.

9. *Demand, Collection and Balance of Land Revenue and Land Revenue Miscellaneous.*—The total demand was Rs. 1,56,67,348 (Rs. 1,46,66,658) and a sum of Rs. 1,40,91,859 (Rs. 1,13,74,253) was actually collected during the year leaving a balance of Rs. 13,34,689 (Rs. 19,65,917) at the end of the year. A sum of Rs. 2,40,800 (Rs. 13,26,488) was remitted or written off as irrecoverable. The percentage of total collection to total demand was 91·4 (86·60), the collection under current demand being 94·8 per cent.

10. *Coercive processes.*—The total number of all kinds of coercive processes served during the year was Rs. 78,425 (Rs. 80,456) and the amount realised thereby amounted to Rs. 7,41,081 (Rs. 8,50,999).

11. *Execution of Co-operative Society Decrees.*—The total number of Co-operative Society Decrees for disposal during the year was 3,908 for a total sum of Rs. 6,04,117-8-0. One thousand two hundred and eighty-two decrees were executed and a sum of Rs. 2,00,195-13-8 was recovered leaving 2,626 decrees for Rs. 4,03,918-10-2 at the end of the year.

12. *Takrar Thaktas.*—There came up for orders during the year 35,079 Takrar Thaktas, out of which 29,729 were disposed of, leaving a balance of 5,350 (6,016) at the end of the year. The percentage of disposals was 79 (85). The number of cases pending at the end of the year is very heavy in Bangalore District, being 2,048. The Amildars should bestow greater attention to the disposal of cases pending for periods ranging from two to five years and the inspecting officers should check the progress periodically during their visits to the Taluk Offices.

13. *Land Improvement and Takavi Loans.*—Out total amount of Rs. 4,60,975 allotted in the Budget year for grant of Takavi, Land Improvement and Fruit C Loans, a sum of Rs. 3,77,630 was actually disbursed the year.

(i) *Takavi Loans.*—There were 2,766 applicatic Takavi Loans for an aggregate amount of Rs. 7,47,2(1,401 applications for Rs. 2,71,070 were sanctioned, l 303 applications for Rs. 92,670 pending at the end of the Out of a total sum of Rs. 2,12,616-6-9 which fell due the year, the amount actually collected was Rs. 99,48 leaving a balance of Rs. 1,13,127-10-5 at the end of the The percentage of collection to demand was 49 (53). collections are very poor in the Districts of Tumkur, Ban and Mandya. GENERAL SECRETARIAT

Sanctions a Revised Estimate for Rs. 4,60,670 for the construction of buildings for the Regional Farms of the Agricultural Department.

READ—

Government Order No. A. F. 2974-78—Agri. 213-45-4, dated 18th November 1946, sanctioning a scheme for the starting of five Regional Farms in the State for conducting researches and experimeuts on different crops, involving a non-recurring expenditure of Rs. 2,18,250 during a period of 6 years and a recurring expenditure increasing from Rs. 39,200 in the first year to Rs. 45,080 in the fifth year.

2, Letter No. GI 3270—47-48, dated 10th September 1947, from the Director of Agriculture, forwarding revised proposals under the non-recurring expenditure in respect of the regional Farms.

ORDER NO. A. F. 74-80—AGRI. 1-48-2, DATED BANGALORE, THE 8TH JULY 1948.

The Director of Agriculture reports that, as the price of lands has gone up considerably, as also the cost of building materials, the non-recurring expenditure for the five Regional Farms referred to in the Government Order read above now works up to Rs. 4,60,670 as against the expenditure of Rs. 2,18,250 sanctioned in the Government Order read above. He has also forwarded a plan of the Regional Farm building along with a statement showing the details of the non-recurring expenditure already sanctioned under the scheme and that proposed by him. He has requested sanction of Government to the revised proposals under non-recurring expenditure of the farms.

In view of the fact that the scheme is calculated to improve the agricultural economy of the State, Government are pleased to sanction the revised estimate for the construction of the buildings for the Regional Farms at a total cost of Rs. 4,60,670 as per details in the annexed statement.

The Director is requested to take all further action to give effect to the scheme.
